

# 4 BROCHURE

Just three parts to assemble and comes in 4 pocket or 8 pocket options.

Presenting your printed material in an attractive, value-for-money way does not need to be difficult. The 4 Brochure is easy to carry and is an excellent addition to your display material. It is a simple, cost-effective brochure stand built using the same principle as the tried and tested display system 4 Screen. With a carefully considered design, it is stable and easy to put up. It also has a durable finish with only a small number of parts to assemble.

The 4 Brochure is available in two versions – with four A4 pockets and with eight. Both come with the same practical case for storing the brochure stand.

### INCLUDED

Base foot, brochure screen (4 or 8 pocket), pole and case.

### VISIBLE SIZES

4 pocket = 11.25" x 58.5"

8 pocket = 21.5" x 58.5"
