

MEDIASCREEN 2 OUTDOOR

Your message is visible in the MediaScreen 2 Outdoor even with wind gusts up to 22 MPH.

MediaScreen 2 Outdoor has a resilient support pole for flexibility when windy. The foldable pole has a locking in the bottom to prevent rotation.

The weighted, support feet mount easily to the base, providing stability on flat surfaces such as snow, grass, sand, pavement and concrete.

MediaScreen 2 Outdoor is the world's first, outdoor, portable retractable display. This double-sided display is equipped with support feet and a flexible support pole that guarantees stability even in strong winds. It is manufactured from very high quality materials to resist wear and tear by weather and wind and can be used on almost any surfaces such as sand, snow, grass and asphalt. It is the perfect tool for all kinds of outdoor events or anywhere you need to bring your message. MediaScreen 2 Outdoor has a patented pending.

Features:

- High quality to resist wear and tear by weather and wind
- Can be used on almost any surfaces -- sand, snow, grass & asphalt
- Double-sided for maximum exposure
- Only takes a few minutes to set up
- Two easy to carry bags
