

RIDGE

The Ridge is a lightweight banner system that is ideal for high volume applications at a low cost. It is made of extruded aluminum with a steel base and flexible carbon fiber pole to provide tension.

With a viewable image area up to 32" wide by 78.25" high, the Ridge provides instant impact anywhere! Ridge is available in silver or black finish and comes in a nylon bag. For transport, an optional shipping case is available to hold the graphic and the banner stand.

INCLUDED

Ridge stand, graphic and cloth carrying bag
