

TABLE THROWS

Our 6' or 8' (standard and economy) Table Throws will attract attention to your brand with its large imprint area on the front of the cover, or across the entire throw! We offer five different solutions to meet your needs:

VINYL APPLICATION

Vinyl is permanently adhered to the front of the throw using a high temperature heat press. Imprint area is 15" x 42" for a 6ft. throw and 15" x 50" for an 8 ft. throw. Available in a wide variety of fabric colors, our throws are machine washable and wrinkle resistant.

DYE-SUBLIMATION (Full or Front Only)

The dye-sub process allows for logos, photos or messages to cover the entire throw or the front only. For dye-sub full throws, we start with white fabric and finish with a completely custom imprint over the entire throw. For dye-sub front only throws, a section of dye-sub printed material (18" x 52.5") is adhered to the front of white fabric.

TABLE RUNNERS

Table Runners are separate, imprinted fabrics that drape over the center of a non-printed table throw. Table Runners can be made with dye-sub imprint or vinyl application processes.

NON-PRINTED

Chose from a wide variety of fabric colors for a non-printed option.

FABRIC COLORS FOR VINYL APPLICATION, TABLE RUNNERS & NON-PRINTED THROWS:
