

VALUFAB Display Systems

Pop up the **ValuFab** system and you have the perfect marketing message in a matter of seconds! It's quick, easy, creates visual impact instantly – all while remaining an impressive, cost-effective solution.

ValuFab Displays are available in straight or curved frame options, in 10', 8' and Table-Top sizes. Included in a complete package is an aluminium frame, fabric graphic that remains attached to the frame, and transport bag. The fabric graphic is attached using Velcro and can be easily replaced when you create a new message or when you need to switch quickly between different messages.

The frames' magnetic connectors and center locking connectors allow for a fast, easy and secure set-up! Look **fabulous** by completing your package with a set of spotlights and upgrading to the transport case with wheels.
