

# ecoSCREEN

featuring  
**ecoIMAGES™** 

Perfect solution for trade shows, public events, meetings, retail applications, point of purchase, sports venues, hospitality environments and more.

Included in each **ecoSCREEN** package is a graphic with bamboo top and base rails, bamboo foot, bamboo support pole, paper cardboard tube, and cotton-cloth carrying bag with shoulder strap.

Maximize visual impact with an eco-friendly style that helps emphasize your message while contributing to a greener planet! **ecoSCREEN** is a non-retractable, eco-friendly alternative to conventional display solutions for the exhibit, display and graphics markets. This innovative stand combines high quality visuals and product functionality with a low environmental impact.

- **ecoIMAGES™** graphics provide the “greenest” material solutions
- UV printing offers the least amount of impact to the environment
- stand hardware is constructed of 95% bamboo
- stylish design features a sturdy, L-shaped bamboo frame that supports base and top graphic-rails via a simple tension system
- snaps together in a few minutes and breaks down quickly into a compact, light-weight transportable unit
- easy to set up virtually anywhere
- helps to lessen the environmental footprint

## VISIBLE SIZES

31.5”w x 78.70”h

## GRAPHIC

Choice of ecoCOTTON, ecoLIGHT, or ecoBANNER

## WHY BAMBOO?

- Fastest growing plant on earth with increasing use as a versatile industrial material
- Rapid maturity cycle of 3-4 years with the viability to replace wood or metal components
- Provides a critical component in the balance of oxygen and carbon dioxide in the atmosphere
